

Office chairs

The average office worker spends more than 75,000 minutes in a seated position every year, so selecting the right office chair is a very important decision. The ideal seating solution not only has a significant impact on the 'look' of the office due to our extensive choice of stocked and made to order fabric styles and colours, it also affects the comfort, productivity and long term well-being of each and every office-based employee.

Are You Sitting Comfortably?

The application of ergonomics in your workplace will make the environment more comfortable for all employees, boosting productivity and reducing stress – something that serves both the employer and employees alike.

Selecting the right office chair does not have to be complicated. The key points to remember when choosing office chairs are, how long are the chairs are being used for and what activity will the user be doing while using the chair.

Seating Guarantees

Stocked

All seating products are guaranteed for a period related to the usage and the structural capability of the chair or soft seating. Regardless of usage, all seating products are guaranteed against manufacturing defects, except for upholstery, castors and mechanisms which are subject to usage related wear and tear. The suggested maximum weight loading and hourly usage should not be exceeded. The guarantee is effective from the day the chair leaves the factory and the supplier reserves the right not to apply the guarantee in cases of inappropriate use or when the chair has been tampered with by a third party or interventions by non-authorised personnel.

Made-to-Order

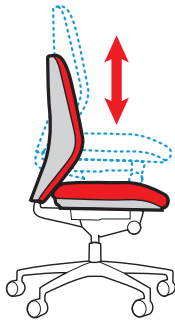

All products that show this symbol are made to your specification and to order. It is our policy that once these products have been ordered they cannot be cancelled.

Fabrics not listed or customer supplied fabrics need to be approved before acceptance of orders. A pattern charge may apply to some fabrics. We reserve the right to reject fabric that we believe to be unsuitable for the product. We are unable to guarantee any product meeting fire regulations or standards which is supplied by a customer.

Fabric operator chairs

These days it is not uncommon for people to sit for 8 or 9 hours a day at their desks without regular breaks so it is imperative that office workers have a chair that is comfortable and offers great functionality. Fabric task chairs offer more warmth than other materials and also come in the widest range of colour options which can be useful if you are trying to keep colours consistent throughout the office.

Mesh back task & operator

Research shows working in a hot office lowers productivity. Mesh office chairs are designed to allow a greater amount of air to circulate whilst you're sitting on them, which means people you'll beat the heat and be cooler overall whilst working. Mesh chairs are also usually quite lightweight, so they're equally easy to clean and maintain, without compromising on style.

Leather Executive Seating

Company executives and managers are typically incredibly busy people that have to work at their desk for long periods, and good executive seating needs to provide support to the whole body to work with as little discomfort as possible. Of course, leather office chairs are stylish and aesthetically pleasing, whilst at the same time playing an important role in the décor of the interior office design.
