TOHESION

The Cohesion tables feature pure, modern lines.

The wide and spacious worktops are designed to encourage dialogue and communication. This range meets new working environments such as coworking, to encourage discussion and creativity, by allowing several people to work together on the same worktop.

Elegance and character define the new Partage desk.

It's style is clean and well thought-out. The worktop is as refined as the trapezium leg. Nothing disturbs the clean and minimalist lines of this desk. **Partage** is easy to tailor to your design requirements with numerous possibilities in terms of the finish and worktop shapes.

Electrification

Top

Top fitted with Ø 80 mm cable ports, a single Top Access hatch or a 2 cm

TECHNICAL DESCRIPTION

unevenness in the floor.

- 25 mm thick Structurex® melamine-coated tops. 2 mm thick shock-proof ABS edging.
- Tops fitted with Ø 80 mm cable ports (aluminium finish as standard, optional white or black finishes), a Top Access hatch (useful dimensions L 30,9 / D 11,6 cm) or a 2 cm deep scallop to feed cables.
- Metal "A" supporting structure composed of oblique 50 mm square cross-section legs and a recessed upper plate. The assembly is connected by a central steel beam with lacquered epoxy finish. In multi-workstation version, the legs on add-on units are recessed in order to move easily from one desk to another.
- Adjustable screw feet to compensate for any unevenness in the floor.
- In back-to-back configuration, a 3 cm gap is provided between the tops for a screen divider or to feed cables.
- Available in sliding top version (with scalloped edge) for easy access to the cables and the electrical connections.

CHARACTERISTICS

TECHNICAL DESCRIPTION

- 25 mm thick Structurex® melamine-coated tops.
- 2 mm thick shock-proof ABS edging.
- Tops fitted with Ø 80 mm cable ports (aluminium finish as standard, optional white or black finishes), a Top Access hatch (useful dimensions L 30,9 / D 11,6 cm) or a 2 cm deep scallop to feed cables.
- Metal arch legs in lacquered epoxy finish, cross-section 70 x 30, available in single version or double arch version for shared workstation, with recessed arch leg on add-on units to move easily from one desk to another.
- Adjustable screw feet to compensate for any unevenness in the floor.
- In back-to-back configuration, a 3 cm gap is provided between the tops for a screen divider or to feed cables.
- Also available in sliding top version, for easy access to the cables and your electrical connections.
- Single or multi-workstation desks available with B-box return console (dim. L 180 / D 60 / H 59,5 cm). The B-box console, which can be positioned on the right or left of the desks, consists of 2 compartments L 56 / D 56 cm and 2 compartments L 29 / D 56 / H 50 cm.
- Optionally, the B-box console can be equipped with 1 hinged door, 1 sliding door or 1 drawer for lateral filing.
- An optional top unit can be placed on the B-box.

ASTROLITE

The design of Astrolite blends harmoniously into every working environment.

Whether single or multi-workstation configuration in open-space layout, **Astrolite** modular desks are the ideal solution to adjust to the changing needs of companies with limited budgets. **Astrolite** offers the modular components you need to adapt workstations to suit employee working habits.

ASTROLITE \square

☐ ASTROLITE

CHARACTERISTICS

Top 25 mm thick Structurex® melamine-coated tops. 2 mm thick shock-proof ABS edging. Screw feet Adjustable screw feet to compensate for any unevenness in the floor. Electrification Top fitted with Ø 80 mm cable ports, a single Top Access hatch or a 2 cm deep Leg scallop, depending on version. Metal supporting structure composed of 50 mm square cross-section legs and a recessed upper

plate. The assembly is connected by a central steel beam with lacquered epoxy finish.

TECHNICAL DESCRIPTION

- 25 mm thick Structurex® melamine-coated tops. 2 mm thick shock-proof ABS edging.
- Tops fitted with Ø 80 mm cable ports (aluminium finish as standard, optional white or black finishes), a Top Access hatch (useful dimensions L 30,9 / D 11,6 cm) or a 2 cm deep scallop to feed cables.
- · Metal supporting structure composed of 50 mm square cross-section legs and a recessed upper plate. The assembly is connected by a central steel beam with lacquered epoxy finish. In multi-workstation version, the legs on add-on units are recessed to move easily from one desk to another.
- Fixed (H 72 cm) or height-adjustable (64 cm to 86 cm) arch legs for single workstations.
- Adjustable screw feet to compensate for unevenness in the floor.
- In back-to-back configuration, a 3 cm gap is provided between the tops for a screen divider or to feed cables.
- · Available in sliding top version (with scalloped edge) for easy access to the cables and the electrical connections.
