

Hat Room Mirror Dividers

A selection of quality room dividers produced from 18mm MFC and finished with vinyl art work depicting a variety of hats. Mirrors are positioned below the hats to give the illusion that the person looking in the mirror is wearing the hat.

The Jigsaw base allows them to be linked together to form a dividing wall whilst adding colour and a playful theme to an otherwise plain play room or classroom.

5 dividers available in this range showing a Police Officer, Fireman, Nurse, Taxi Driver, and Builders hat.

Panel Dimensions: H580 x W880mm

Base Dimensions: W920 x D300mm
