

ELEV8² TOUCH

SIT-STAND DESKING

The ability to sit and stand during the average working day has huge health benefits to the user, helping to burn calories, boost energy levels, improve posture and promote mental well-being. In addition to the numerous health benefits provided by periodic standing, studies show that Elev8² height adjustable desks promote creativity, team interaction, collaboration, and the willingness to share ideas.

The Elev8² Touch desking range provides the ideal solution to address the issue of employees who have a sedentary desk job and who do not spend enough time standing during the working day. Sit-stand desks create an environment where colleagues can collaborate at standing meetings before adjusting their desk back to a seated height to continue with their routine tasks.

ELEV8² TOUCH Sit-Stand desking

Finish Options

Table tops available in Beech, Oak, Walnut, White and White with Oak trim. Frames available in Black, Silver and White

Details & Features

Double Motor

Sit-stand desk height adjustment is made through a twin motor for fast, fluid and natural movement of the 25mm desktops with a maximum weight loading of 160kg

Three Part Frame

The three tiered leg column offers adjustability from 675mm to 1300mm with a low noise level of 39db to provide all the health benefits of periodic standing

Fabric Screens

Vibe desktop screens are available in special sizes for Elev8² which provide the same level of privacy between back-to-back Elev8² desks when at their highest and lowest points

Cable Management

Energy cable chain fits inside the lower cable channel of back-to-back desks for cable management with a vertical cable spine option for the single desks to carry wires from floor to desktop

Elev8² Touch - Bluetooth Control Unit

Bluetooth Control Unit

Having the option to stand, as well as sit during the work day has been proven not only to benefit the health of the user but also of the business, dramatically improving health, well-being and energy levels of employees. However just simply having a height adjustable desk is not always enough to make some employees vary their posture throughout the working day. The app has been developed to remind you when it is time to change postures and help you achieve activity goals.

CODE	RRP
EVT-BCU	£70

- Memory function to set your own height preference settings
- Customised sit-stand cycle to remind you to stand up at the right time
- Tracks all the time you've stood
- Calculates calories burned during your standing
- Safety support with error alarm notices

Simply insert the dongle into the control box and fit to your existing Elev8² Touch sit-stand desk, download the free app and then pair the app with any connected Elev8² Touch desk to take charge of your work experiences. The height adjustable desk can then be adjusted via a smartphone or tablet.

Get the most out of your height adjustable desk by reminding you to vary your position during the day, with the ability to control the height of your desk as well as memory settings for everyday use.

Elev8² Touch - Battery Pack

Battery Pack

With the Elev8² battery pack you can enjoy the smooth, fast, electrically powered height adjustable features of an Elev8² desk, without the need for any power leads. Perfect for accommodating sit-stand desks in locations where getting access to a wall plug may not be convenient, this battery pack discreetly mounts to the underside of Elev8² Touch desks and works for up to 4 weeks on a single charge.

CODE	W	D	H	RRP
EVT-BPK	215	85	35	£350

- Easy detachable battery pack which can be charged with a standard USB
- LED indicator and buzzer for battery capacity status
- Rechargeable battery that provides mobility to office furniture
- Slim and easy mounting dock, perfect for desk applications

A LED light and buzzer lets you know when you're low on power, and a recharge only takes a few hours. The Elev8² battery pack is perfect for people who like the idea of saving energy and going off the grid, at home or in the office.
