

PROTECTORS & BARRIERS

- We offer a wide selection of products to prevent damage to buildings, personnel and other site equipment caused by impact.

Foam Impact Protectors

- These versatile strips are available in a variety of designs, they can be used on any surface, framework or edging to aid safety, warn of potential danger and protect the workforce where there is a risk of injury through impact.
- Manufactured from high density foam, UV resistant, with yellow and black hazard alert coating.
- Self-adhesive or push on fittings available, alternatively can be glued using suitable heavy-duty adhesives.

Product Code	Description	Dimensions			Cut-Out W x L mm	Price Each
		W	L	H		
TWFIP-3	Type 3: Self Adhesive	40	1000	32	N/A	£54.00
TWFIP-4	Type 4: Push On	40	1000	40	8 x 20	£52.60
TWFIP-5	Type 5: Self Adhesive	40	1000	40	N/A	£59.20
TWFIP-6	Type 6: Push On	40	1000	40	8 x 20	£52.80
TWFIP-7	Type 7: Self Adhesive	60	1000	20	N/A	£75.70

Flexi Safety Barrier*

- Flexi Safety Barrier can be used both indoors and out, to section off areas and protect equipment, goods and people from operating fork trucks and other vehicles and machinery.
- The barriers, extruded from a blend of Polypropylene resins, restore their original shape after impact.
- Bases are drilled for M12 anchors, minimum fixing depth of 100mm in sound concrete.
- Gate Systems are available on request.

Column Protector

- Sizes available to suit most applications.
- Manufactured from low density polyethylene (LDPE).
- Standard (Fig 1, 2 & 3) and Low Profile (Fig 4, 5 & 6) versions available depending upon your application.
- Air pressure release provides excellent impact protection.
- High visibility for improved hazard alertness.
- Fast, simple installation around column - no fixings required.
- UV stabilised making the product suitable for indoor and out-door applications.
